The Beehouse Recording Studio

Craignant
Llanfyllin
Powys
SY22 5JG

[Our Studio Website](#) [Recording Studio Gift Experiences](#) [email us](#)

The Beehouse is a professional high-spec recording studio 13 miles from Lake Vyrnwy offering a variety of activities for music-loving tourists and visitors as well as local residents. We are based near Llanfyllin in a unique location and offer not only standard high calibre flexible and versatile recording facilities, but great music production services, with specialist Songwriting Days and Music Production courses, mastering, MP3 production, EAN and ISRC coding and internet promotions. If you're a musician or singer, a day at the Beehouse is the icing on the cake to a holiday spent in the vicinity of the Lake.

Covering a very wide range of musical genres, the Beehouse also provides a superb array of professional equipment and expertise, resulting in commercial quality recordings at great prices. We are also able to publish, sell and promote your music.

We also offer recording studio experience days for singers and musicians which are ideal for special birthday gifts, birthday parties for the young and old alike, hen parties, stag parties and any other rainy day when you feel like singing in a Welsh valley and taking home a unique and special souvenir.

Experiences are also available for any instrument or for budding songwriters or producers.

Why not book in at the studio and stop overnight in one of the superb bed and breakfasts available nearby to make sure you're fresh for your big day? And whilst your recording, your partner or family can either stay or spend a day at Lake Vyrnwy, walking, cycling, bird-watching or relaxing with one of the other activities that's available?

Recording Studio Day Vouchers can be emailed instantly - great for Christmas and birthdays. You can 'phone up on spec but we do prefer advanced bookings, which become especially important in the Summer.

MANTRASOUND DISCOS and SOUND EQUIPMENT HIRE

MantraSound Discos, which is an offshoot of the Beehouse, provides exciting tailored discos and karaoke parties, ideally for weddings, family and corporate events. The DJ and karaoke packages offer an experienced and popular mobile DJ with PLI and PAT tested equipment who will also provide a personalised playlist for your event, making the whole evening much more individual, and ensuring that the music is to your taste. MantraSound is in fact a UK-wide agency with its management hub and premier DJ located in Powys, and so it maintains very high standards, whilst also being just on the doorstep for visiting events, weddings and organised holiday nights.

Additionally, MantraSound offers a [PA Hire Service](#) for events in the Lake Vyrnwy area and further afield. Available are a variety of packages for DIY discos, bands, conferences and also some outdoor events, which are all offered with an engineer to set up, demonstrate, test, break down and take away at the end, leaving you free to present your own event professionally.
