The New Inn is a delightful pub set in the picturesque village of Llangynog, at the foot of the Berwyn Mountains. Enjoy a delicious meal in our cosy lounge with original slate flooring and a log burner.

The menu ranges from home made soup, freshly made sandwiches to our very popular Gammon steak or Scampi. Home made daily specials are also on offer. There is also an outside seating area where you can enjoy the stunning panoramic views. Sunday lunches are available and are also very popular so booking is recommended.

The New Inn is open all day every day with meals served daily.
